This diagram illustrates the exploded view of a mechanical assembly, with components numbered 1 through 18. The components are distributed as follows:

- Component 1:** A small circular fastener or pin.
- Component 2:** A rectangular base plate with multiple mounting holes.
- Component 3:** A bracket or support arm.
- Component 4:** A small vertical pin or screw.
- Component 5:** A large, flat rectangular plate, likely the main base.
- Component 6:** A long, thin horizontal plate or rail.
- Component 7:** A long, thin vertical plate or rail.
- Component 8:** A vertical rectangular component, possibly a motor or actuator.
- Component 9:** A vertical rectangular component, similar to 8 but with different features.
- Component 10:** A control unit or power supply box with a dial.
- Component 11:** A large, complex mechanical assembly, possibly a motor or actuator.
- Component 12:** A small rectangular component, possibly a sensor or switch.
- Component 13:** A small rectangular component, possibly a sensor or switch.
- Component 14:** A large, complex mechanical assembly, possibly a motor or actuator.
- Component 15:** A large, complex mechanical assembly, possibly a motor or actuator.
- Component 16:** A small rectangular component, possibly a sensor or switch.
- Component 17:** A small rectangular component, possibly a sensor or switch.
- Component 18:** A small rectangular component, possibly a sensor or switch.
